John,

This works for me. I made a handful of edits, all either in the nature of correcting my own typos (neglecting to italicize a case name, listing myself as proposed counsel, etc.) or addressing readability (I could not quite get comfortable with the word “results” being used three times in two sentences, etc.).

If this works for you, please let me know and I will get it on file Monday.

Thanks,

John,

To follow on our conversations, attached is a draft 9019 motion to formalize the resolution of the adversary proceeding. Please let me know if this meets with your approval and, if so, I will tend to getting it filed and noticed to all parties in interest.
